SUMMARY

I am a Computer Engineering graduate from Hacettepe University with a strong academic background. I embarked on my career journey part-time in 2017 and transitioned to full-time employment in 2018. Over the past four years, I have cultivated my expertise as a Front-End Developer, specializing in React and React Native. My commitment to these technologies drives my ongoing pursuit of excellence and continuous improvement in my field. I am committed to rapidly improving my English language skills.

EDUCATION

Hacettepe University

Computer Engineering (2,56/4)
